Family Learning Short Courses

There will be 2 courses in the Autumn term:

Thursday mornings 9.00 – 11.00am: School Maths Explained

Come along to find out about how your children are taught maths. Try out the new methods and learn the best ways to help your child with maths at home. Maths really can be fun!

"I have gained great ideas about how to help my child learn"

Thursday afternoons 1.00 – 3.00pm: Positive Parenting Plus

This is a great course which helps everyone who attends become a more confident parent. It's based on the 'Triple P' parenting programme and there are lots of fun, family learning activities to try throughout the course.

'This course has given me great confidence to be able to handle different situations'

'I wish it could carry on as it's been a fantastic course'

Coffee, tea and biscuits and a chance to find out about how your child will be learning! Lots of free resources and free childcare too!

Family Learning courses are fun and free. They are very informal sessions with lots of fun. We hope you will be able to join us. You will learn a lot about how to help your child.
